BEFORE

"It is with pleasure that I write on behalf of the Congregation, Staff and the Stained Glass Restoration Committee of First Christian Church, Pendleton, Oregon with sincere gratitude and appraisal of your quality performance during the restoration of our beautiful Stained Glass Windows. We could not be more pleased and the work was OUTSTANDING!"

"Communication with you and John Wildenborg was there every step of the way and we really appreciated your concern for doing the best possible restoration. John and his partner, Randy, worked very long hours, in very hot weather, to accomplish the restoration and they were so willing and easy to work with, for they treated the

restoration like it were their own. It was really a pleasure to work with them and all of the committee thought they did an outstanding job. The people in our congregation are especially pleased and many did not know that the windows could be so bright!

"Our windows which were dedicated along with the church building in 1910 will now be admired for many years to come. We feel very fortunate that the members of the church who were present when the church was built installed such beautiful windows and honored God in this way. We will hope that you can use our church to display and advertise the quality that the Shenandoah customer can expect. We will be glad to refer your name proudly and tell of your standard of excellence that you showed to us."
